**TO:** EMS System Members

**FROM:** Gregory Scott, R.N., M.S., EMT-P, CHEC

**DATE:** May 21, 2012

**SUBJECT:** EMS Week

---

The theme of the 2012 EMS Week is, “EMS: More than a Job. A Calling.” I can’t imagine a better theme to describe the members of the McLean County Area EMS System. We have seen countless examples over the past year of members of this EMS System going above and beyond to assist those in need. The McLean County Area EMS System office would like to extend a heartfelt thank you to each member of this EMS System for what you do each and every day.

Each of your communities rely upon you responding in their times of need with dedication and competence. The countless hours spent on education, training, checking equipment, and responding to the calls for assistance is what makes each of you special.

As we celebrate the successes of the past year, it is important that each of us look forward to the next year. There will be challenging times as well as exciting times that we will encounter. As a strong network of EMS System members, we will be able to support one another through any type of situation encountered.

Again, the McLean County Area EMS System office would like to extend our deepest appreciation and recognition for what you do every day. You perform your duties without recognition so it is important to celebrate the profession during this special week titled, “National EMS Week.”
