Bloomington, IL 61701

Phone: (309) 827-4348  
Fax: (309) 827-2017

**TO:** EMS System Members

**FROM:** Gregory Scott  
Director

**DATE:** September 7, 2012

**SUBJECT:** Hospital MERCI Narrowband

---

This is to inform you when hospitals are planning or have already transitioned to narrowband for the MERCI radio.

- |  |                              |
|--|------------------------------|
| 1. Advocate BroMenn Medical Center         | September 18, 2012           |
| 2. Advocate Eureka Hospital                | September 18, 2012           |
| 3. Dr. John Warner Hospital (Clinton)      | Already completed            |
| 4. OSF St. Francis Medical Center (Peoria) | September 20, 2012           |
| 5. OSF St. James Hospital (Pontiac)        | Tentative September 19, 2012 |
| 6. OSF St. Joseph Medical Center           | September 17, 2012           |
| 7. St. Margaret's Hospital (Spring Valley) | Already completed            |

This is only to serve as information in case there are communication issues with a hospital after the date of their narrowband implementation then the narrowband migration could be an explanation that would need further investigation.

Please do not hesitate to contact the EMS office if you have any questions.
